ABOUT HARRY ELIAS PARTNERSHIP

Established in 1988 by Mr Harry Elias, Senior Counsel, our Firm is a leading player in the evolution of our legal landscape. For more than 24 years, our Firm has been on the cutting edge of legal changes, particularly on the litigation front. We are privileged to act in cases that broke new ground, and which resulted in landmark and watershed judicial decisions.

We were involved in a number of construction masterpieces and have also advised and represented corporate and individual clients on complex cross-border deals. It comes as no surprise that we have been described as one of Singapore's top law firms, renowned for providing focused, proactive and practical advice for its highlight diversified clientele. Leading publications have even described us as a 'Heavyweight' Firm, one that punches above its weight.

Above all else, our clients enjoy the personal attention of our vibrant Partners, who work with passion and intensity. At the end of the day, we believe that to be the best for clients means delivering legal solutions that are appropriate and effective within the practical framework of the issue at hand.

This is our ethos and our promise.

"The firm has grown to become a multi-practice firm that has acted on landmark cases and also has a notable corporate practice..."
