## Construction: Domestic - Singapore

 Band 3

### What the team is known for

Harry Elias Partnership has an established Singapore law construction department, advising on contractual matters, as well as dispute resolution. The team is also well placed to act as the claims specialist to project managers in construction projects. The department is often engaged on cross-border matters, including SIAC and ICC arbitration. Clients represented by the team include Surbana Jurong Consultants, YTL Concrete and Wee Hur Holdings.

### Strengths

*"Harry Elias Partnership is very responsive through various channels of communication and responds to our query within reasonable time."*

*"They have good knowledge of construction law."*

### Work highlights

Harry Elias Partnership advised Singapore's Ministry of Health on the review and amendment of standard-term contracts for engaging architects, consultants and contractors for the building of senior care centres in Singapore.

### Notable practitioners

Yvonne Foo in Singapore is well versed in local and cross-border construction law matters, particularly disputes in which she often acts for the contractor or the subcontractor. **"She spends time getting to know individual clients and has a phenomenal work ethic. She has a real depth of construction knowledge."** **"Yvonne is an outstanding individual with wide knowledge and the ability to simplify the complexities of the matter for easier understanding."**
